FOSTER AND PARTNERS .86

Dalla ricerca postazione individuale alle workstation di rappresentanza, dal piccolo meeting ai grandi tavoli da riunione componibili.
Nomos, icona riconosciuta del design industriale, è un prodotto versatile ed estremamente robusto, capace di sfruttare al meglio le caratteristiche di qualità della struttura e delle basi in tubolare metallico e alluminio. La modularità e la componibilità dei piani permettono di organizzare il posto di lavoro e di esaltare l'immagine dell'ambiente, dando continuità al progetto, sia che si tratti di layout in spazio condiviso sia executive di alto livello.

*Versatile and extremely hardwearing, the Nomos System range (pioneer of almost all shared structure systems and a well recognised icon of industrial design) can be used in a variety of contexts, from the individual workplace to long shared workstations, small meeting to large modular conference tables.
The system was created with the aim of exalting the flexibility of the structure by combining the tubular metal and aluminium legs with the modular tops, in order to organise the workplace in such a way as to enhance the image of the context.*

Du poste de travail individuel remarquable au poste de représentation, du petit meeting aux grandes tables de réunion à éléments.
Nomos, icône reconnu de la conception industrielle, est un produit polyvalent et extrêmement résistant, capable de tirer un profit maximal des caractéristiques de qualité de la structure et des bases tubulaires métalliques et en aluminium. La modularité et la possibilité d'assemblage des divers plans permettent d'organiser le poste de travail et de valoriser l'ambiance, en fournissant une image harmonieuse, aussi bien en aménageant un espace partagé que le bureau d'un cadre supérieur.

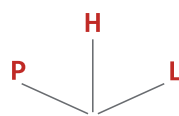

*Desde el sofisticado puesto individual hasta el puesto de dirección, desde la pequeña mesa de reuniones hasta las grandes mesas de juntas.
Nomos, icono reconocido del diseño industrial, es un producto versátil y extremadamente sólido, capaz de explotar al máximo las características de calidad de la estructura y de las bases en tubulares metálicos y de aluminio. La adaptabilidad y la compatibilidad de las superficies permiten organizar el puesto de trabajo y exaltar la imagen del ambiente, proporcionando continuidad al proyecto, ya se trate de una composición en un espacio compartido o en un espacio direccional de alto nivel.*

Vom komfortablen Einzelarbeitsplatz über informelle Zusammenkünfte bis hin zu grossen Tischgruppen für Betriebsversammlungen.
Bei Nomos handelt es sich um einen der grossen Namen im Industriedesign und vor allem auch um ein sehr vielseitiges und äusserst stabiles Produkt, das die strukturellen Gegebenheiten und die Metall- und Aluminiumröhren der Tischkonstruktion in vollem Umfang ausnutzt.
Die Anordnung in Sitzgruppen in verschiedenen Variationen ermöglichen eine individuelle Gestaltung des Arbeitsplatzes und eine perfekte Anpassung an das Umfeld. Diese Ausführung ist sowohl zur Gestaltung von Tischgruppen auf Grossraumflächen als auch auf höchstem betrieblichen Niveau gedacht.
